

# Brisbane River Heritage Trail

21st May 2024

Today we aim to **explore Brisbane's evolution from a CityCat journey** along the river to encounter fascinating and sometimes little-known stories about places, features and landmarks that pay tribute to the city's past.

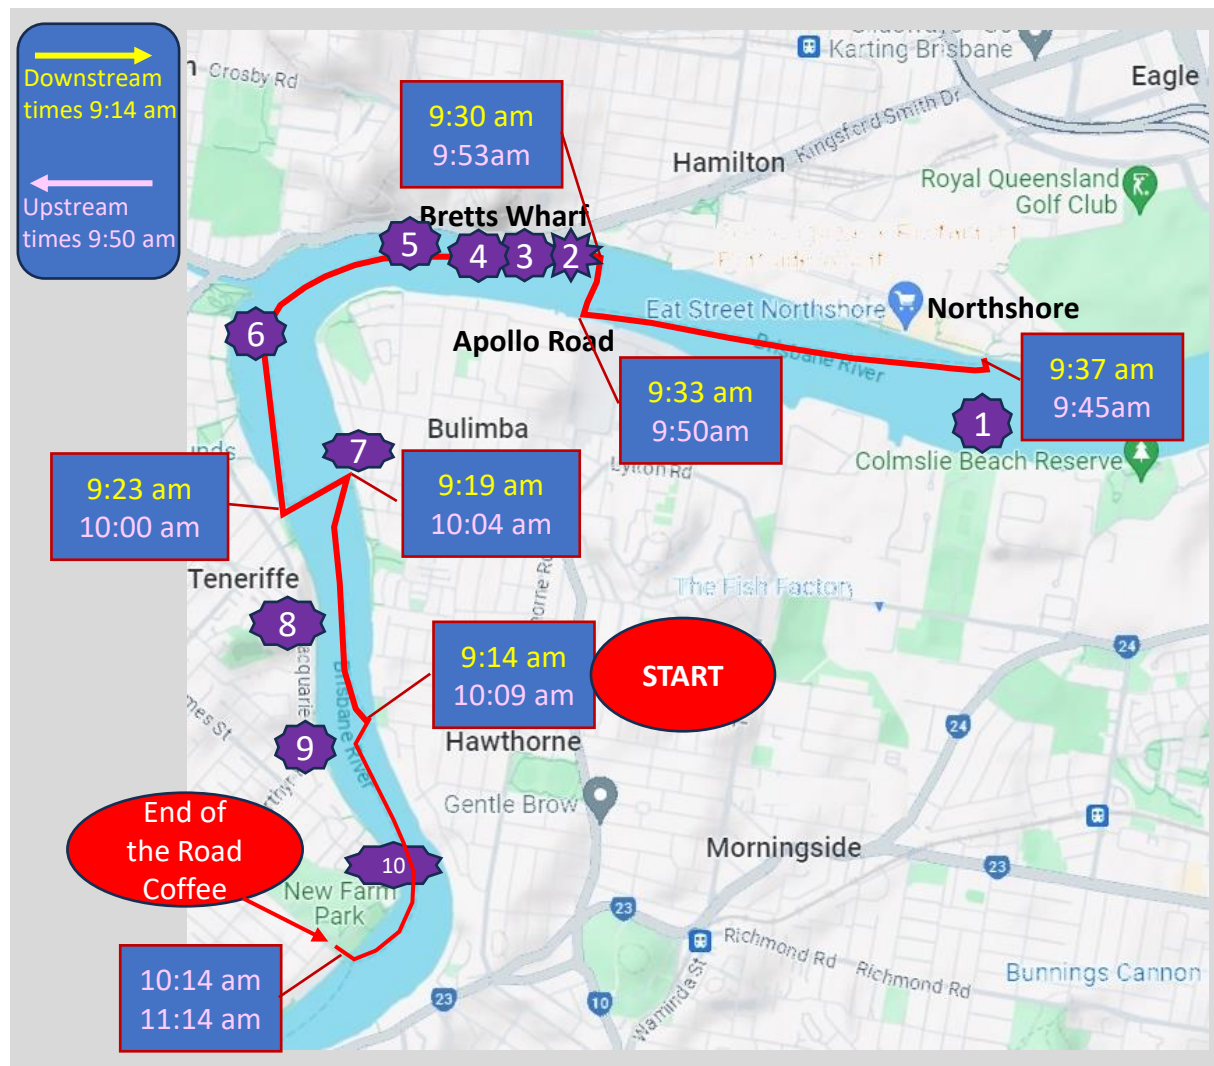

For our journeys today it's recommended to take up a position at the **rear of the CityCats on the right-hand side** to best view the places as we travel up and down the river.

You can follow progress on the **attached maps** and check out more details on the BCC Website via the QR code below.
